

SAFETY DATA SHEET (SDS) Section 1. Identification

	Sectio	on 1. Identi	fication					
Product identifie	er TCC-07							
Other means of identification 387								
Recommended use and restrictions on use CATALYST TREATMENT FOR TRUCKS								
Initial supplier i	dentifier PROLAB TECHNOLUB INC.	4531 RUE	INDUSTRIELLE, THETFORD MI	INES, (QUEBEC), G6H 2J1,				
	CANADA TEL. (418) 423-2777 FAX : (418) 423-7619							
Emergency telephone number/restriction on use Canada – CANUTEC 24 hour number 613-996-6666								
Section 2. Hazard identification								
Classification of hazardous product (name of the category or subcategory of the hazard class)								
Flammable liquid		sus curegory						
Aspiration hazard								
Skin irritation (C								
Eye irritation (Category 2A)								
	gan toxicity – single exposure (Category 3), Cen	tral nervous	system					
	icity (Category 2)		-					
	ments (symbols, signal words, hazard stateme	nts and prec	autionary statements of the catego	ry/subcategory)				
Danger H226 Flammable liquid and vapor. H304 May be fatal if swallowed and enters airways. H315 Causes skin irritation. H319 Causes serious eye irritation. H336 May cause drowsiness or dizziness. H361 Suspected of damaging fertility or the unborn child. P201 Obtain special instructions before use. P202 Do not handle until all safety precautions have been read and understood. P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P264 Wash hands/nails/face thoroughly after handling. P271 Use only outdoors or in a well-ventilated area. P280 Wear gloves/protective clothing/eye protection/face protection. P301 + P310 IF SWALLOWED: Immediately call a doctor. DO NOT INDUCE VOMITING. P303 + P361 + P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. P302 + P352 IF ON SKIN: Wash with plenty of water. P332 + P313 IF SKIN irritation occurs: Get medical attention. P364 Take off contaminated clothing and wash it before reuse. P305+P351+P338 IF IN EYES, Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337 + P313 IF eye irritation persists: Get medical attention. P304 + P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. P312 Call a doctor if you feel unwell. P308 + P313 IF exposed or concerned: Get medical attention. P370 + P378 In case of fire: Use carbon dioxide, chemical powder agent and appropriate foam to extinguish. P403 + P233 + P235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P405 Store locked up. P501 Dispose of contents/container into safe container in accordance with local, regional or national regulations.								
Other hazards k								
	*	ition/inforn	nation on ingredients					
	(common name/synonyms)		CAS number or other	Concentration (%)				
Aliphatic naphtha	a		64741-65-7	15-40				
Cerium tris(2-eth	ylhexanoate)		56797-01-4	10-30

		4. First-aid						
Inhalation	IF INHALED: Remove person to fresh air and			ou feel unwell.				
Ingestion	IF SWALLOWED: Immediately call a doctor							
U	rapidly losing consciousness, or is unconscious							
	of water. If vomiting occurs naturally, have vio							
Skin contact	IF ON SKIN, Wash with plenty of water for several minutes (15-20). If skin irritation occurs: Get medical attention.							
Eye contact								
rinsing. If eye irritation persists: Get medical attention.								
Most important symptoms and effects (acute or delayed) May be harmful if swallowed and enters airways.								
Indication of immediate medical attention/special treatment In all cases, call a doctor. Do not forget this document.								
mancanon or Im	meanare meanear attendon/special d cathlent	in un cases,	cuir a doctor. Do not rorget uns doct					

PRODUCT IDENTIFIER – TCC-07 CODE – 387 DATE & VERSION – December 19, 2022 VERSION 03

Section 5. Fire-fighting measures

Specific hazards of the hazardous product (hazardous combustion products)

Carbon oxides and other irritant/toxic gases and fumes.

Suitable and unsuitable extinguishing media

In case of fire: Use carbon dioxide, chemical powder agent and appropriate foam to extinguish.

Special protective equipment and precautions for fire-fighters

During a fire, irritating/toxic smoke and fumes may be generated. Do not enter fire area without proper protection. Firefighters should wear proper protective equipment and self-contained breathing apparatus with full facepiece. Shield personnel to protect from venting, rupturing or bursting cans. Move containers from fire area if it can be done without risk. Water spray may be useful in cooling equipment and cans exposed to heat and flame.

Section 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Restrict access to area until completion of clean-up. Ensure clean-up is conducted by trained personnel only. All persons dealing with clean-up should wear the appropriate protective equipment (See Section 8).

Methods and materials for containment and cleaning up

Avoid release to the environment. Collect spillage. Ventilate area of release. Stop the leak if it can be done safely. Contain and absorb any spilled liquid concentrate with inert absorbent material, then place material into a container for later disposal (see Section 13). Contaminated absorbent material may pose the same hazards as the spilled product. Notify the appropriate authorities as required.

Section 7. Handling and storage

Precautions for safe handling

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wash hands/nails/face thoroughly after handling. Use only outdoors or in a well-ventilated area. Contaminated work clothing should not be allowed out of the workplace. Wear gloves/protective clothing/eye protection/face protection.

Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep away from incompatible materials (Section 10). Keep containers closed when not in use. Empty containers are always dangerous. Refer also to Section 8.

Conditions for safe storage, including any incompatibilities

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up. Store away from incompatible materials (Section 10). Inspect all incoming containers to make sure they are properly labelled and not damaged. Storage area should be clearly identified, clear of obstruction and accessible only to trained personnel. Inspect periodically for damage or leaks.

Section 8. Exposure controls/Personal protection

Control parameters (biological limit values or exposure limit values and source of those values)

Exposure limits: None

Appropriate engineering controls

Use under well-ventilated conditions. Local exhaust ventilation system is recommended to maintain concentrations of contaminants below exposure limits. Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

Individual protection measures/personal protective equipment

Respiratory protection is required if the concentrations are higher than the exposure limits. Use a NIOSH approved respirators if the exposure limits are unknown. Chemically protective gloves (impervious), and other protective clothing to prevent prolonged or repeated skin contact, must be worn during all handling operations. Wear protective chemical splash goggles to prevent mists from entering the eyes. Wash hands/nails/face thoroughly after handling. Do not eat, drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and wash contaminated work clothing before re-use.

Section 9. Physical and chemical properties						
Appearance, physical state/colour Yellow liquid	Vapour pressure Not available					
Odour Characteristic	Vapour density Heavier than air					
Odour threshold Not available	Relative density 0.8677					
pH Not available	Solubility Not available					
Melting/freezing point -53°C	Partition coefficient - n-octanol/water Not available					
Initial boiling point/range Not available	Auto-ignition temperature Not available					
Flash point62.22°C Closed cup	Decomposition temperature Not available					
Evaporation rate Not available	Viscosity 8.1 cSt @ 40°C					
Flammability (solids and gases) Not available	VOC Not available					
Upper and lower flammability/explosive limits Not available	Other None known					

Section 10. Stability and reactivity

Reactivity Des not react under the recommended storage and handling conditions prescribed. Chemical stability Soule under the recommended storage and handling conditions prescribed. Possibility of hazardous reactions Accumulation of flormable if product is head. Conditions to avoid (static discharge, shock or vibration) Keep away from heat, hot straftees, sparks, open flames and other ignition sources. No smoking. Incomputible materials Outditions to avoid (static discharge, shock or vibration) Keep away from heat, hot straftees, sparks, open flames and other ignition sources. No smoking. Incomputible materials Incomputible materials Outdition to avoid (static discharge, shock or vibration) Way be fault if swallowed and enters airways. Causes skin irritation. Causes stroius cyc irritation. May cause drowsiness or dizzines. Suspected of damaging fertility or the unhorn child. Symptoms related to the physica, chemical and toxicological characteristics Skin isritation, redness, stinging, pain. Eye irritation, redness, tearing: Respiratory tract irritation, coughing, shortness of breath, dizzines, drowsines, nause and headches. Delayed and inmediate effects (chronic effects from short-term and long-term exposure) Skin isritation - No data available; Carcinogenicity - No ingredient listed by LNRC, ACGH, NT Or OSHA; Reproductive Toxicity - Possible; Specific Target Organ Toxicity - R	Section 10. Stability and reactivity					
Chemical stability Chemical stab	Reactivity					
Suble under the recommended storage and handling conditions prescribed. Possibility of hazardous reactions Accumulation of flammable if product is heated. Conditions to avoid (static discharge, shock or vibration) Keep away from heat, hot suffaces, sparks, open flames and other ignition sources. No smoking Incompatible materials Conditions to avoid (static discharge, shock or vibration) Keep away from heat, hot suffaces, sparks, open flames and other ignition sources. No smoking Incompatible materials Conditions on the fikely routes of exposure (Inhabiton, ingression, skin and eye contact) May be fatal if swallowed and enters airways. Causes skin irritation. Causes serious eye irritation. May cause drowsiness. Suspected of damaging fertility or the unborn child. Symptoms related to the physical, chemical and toxicological characteristics Skin stritation, redness, stinging, pain; Eye irritation, redness, tearing; Respiratory tract irritation, coughing, shortness of breath, dizziness, drowsines, anause and headches. Delayed and immediate effects (chronic effects from short-term and long-term exposure) Skin Sensitization – No data available; Carcinogenicity – No lang available; Carcinogenicity – No lang available; Carcinogenicity – No lang available; Specific Target Organ Toxicity – Single Exposure – Central nervous system; Specific Target Organ Toxicity – Repeated Exposure – No data available; Austration Heazard – Possible; Health Hazards Not Otherwise Classified – No data available; Austration Heazard – No data available for this product. Ecological information Ecotoxicity (aquatic and terrestrial information) No data available for this product. Bioaccumulative potential Not Other available for this product. Mobility in soil No data available for this product. Motar advariable for disposal/contaminated packaging Dispose of contents/container into safe container in accordance with local, regional or national regulations. Section 14. Transport information UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated Special precautions (transport/convegance) May also be shipped as NOT REGULATED by ground in accordance with TDG. Environmental hazards (IMDG or other) None						
Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Garcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA; Reproductive Toxicity – Possible; Specific Target Organ Toxicity – Single Exposure – Central nervous system; Specific Target Organ Toxicity – Repeated Exposure – No data available; Aspiration Hazard – Possible; Repeated Exposure – No data available; Aspiration Hazard – Possible; Not data available. Numerical measures of toxicity (ATE; LDsø & LCso) None None None ATE not available in this document. Section 12. Ecological information Persistence and degradability No data available for this product. Bioaccumulative potential No data available for this product. Bioaccumulative potential No data available for this product. Other adverse effects No data available for this product. Information on safe handling for disposal/methods of disposal/contaminated packaging Dispose of contents/container into cardcance with local, regional or national regulations. Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name;						
Gern Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA; Reproductive Toxicity — Possible; Specific Target Organ Toxicity — Repeated Exposure – Central nervous system; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – Possible; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LDso & LCso) None ATE not available in this document. Section 12. Ecological information Reotoxicity (aquatic and terrestrial information No data available for this product. Bioaccumulative potential No data available for this product. Bioaccumulative potential No data available for this product. Other adverse effects No data available for disposal/contaminated packaging Dispose of contents/container into safe container in accordance with local, regional or national regulations. Section 13. Disposal considerations Not regulated UN number; Proper shipping name; Class(cs); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(cs); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name; Class(cs); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(cs); Packing group (PG) of the IATA (air) Not regulated Special precautions (transport/conveyance) May also be shipped as NOT REGULATED by ground in accordance with TDG. Environmental hazards (MDG or other) Nore						
Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA; Reproductive Toxicity – Possible; Specific Target Organ Toxicity — Repeated Exposure – Central nervous system; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – Possible; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LDsø & LCsø) None ATE not available in this document. Toxicity (aquatic and terrestrial information) No data available for this product. Persistence and degradability No data available for this product. Mobility in soil No data available for this product. Other adverse effects No data available Information on safe handling for disposal/methods of disposal/contaminated packaging Dispose of contents/container in to safe container in accordance with local, regional or national regulations. Section 14. Transport information UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated Special precautions (transport/conveyance) May also be shipped as NOT REGULATED by ground in accordance with TDG. Environmental hazards (MDG or other) None						
Reproductive Toxicity — Possible; Specific Target Organ Toxicity — Single Exposure – Central nervous system; Specific Target Organ Toxicity — Single Exposure – No data available; Aspiration Hazard – Possible; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LD50 & LC50) None ATE not available in this document. Section 12. Ecological information ATE not available in this document. Section 12. Ecological information Context and terrestrial information) No data available for this product. Persistence and degradability No data available for this product. Bioaccumulative potential No data available for this product. Bioaccumulative potential No data available for this product. Mobility in soil No data available for this product. Mobility in soil No data available for this product. Information on safe handling for disposal/methods of disposal/contaminated packaging Dispose of contents/container into cafe container in accordance with local, regional or national regulations. Section 14. Transport information UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing be shipped as NOT REGULATED by ground in accordance with TDG. Environmental hazards (IMDG or other) None						
Specific Target Organ Toxicity — Single Exposure – Central nervous system; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard - Possible; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LD ₅₀ & LC ₅₀) None ATE not available in this document. Section 12. Ecological information Restended and terrestrial information) No data available for this product. Persistence and degradability No data available for this product. Bioaccumulative potential No data available for this product. Other adverse effects No data available for this product. Other adverse effects No data available for this product. Dispose of contents/container into safe container in accordance with local, regional or national regulations. Section 13. Disposal considerations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated Section 14. Carpito of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated						
Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – Possible; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LDs ₀ & LCs ₀) None ATE not available in this document. Section 12. Ecological information Cotoxicity (aquatic and terrestrial information] No data available for this product. Persistence and degradability No data available for this product. Persistence and degradability No data available for this product. Bioaccumulative potentia No data available for this product. Mobility in soi No data available for this product. Other adverse effects No data available for this product. Dispose of contents/container into safe container in accordance with local, regional or national regulations. Section 14. Transport information UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air)						
Aspiration Hazard - Possible; Health Hazards Not Otherwise Classified - No data available. Numerical measures of toxicity (ATE; LDs0 & LCs0) None ATE not available in this document. Section 12. Ecological information Ecotoxicity (aquatic and terrestrial information) No data available for this product. Persistence and degradability No data available for this product. Bioaccumulative potential No data available for this product. Mobility in soil No data available for this product. Mobility in soil No data available for this product. Other adverse effects No data available Information on safe handling for disposal/methods of disposal/contaminated packaging Dispose of contents/container into safe container in accordance with local, regional or national regulations. Section 14. Transport information UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated Environmental hazrds (IMDG or other) None						
Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LDs0 & LCs0) None ATE not available in this document. Section 12. Ecological information Persistence and degradability No data available for this product. Persistence and degradability No data available for this product. Bioaccumulative potential No data available for this product. Mobility in soil No data available for this product. Mobility in soil No data available for this product. Moteradverse effects No data available Information on safe handling for disposal/methods of disposal/contaminated packaging Dispose of contents/container into safe container in accordance with local, regional or national regulations. UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated Special precautions (transport/conveyance) May also be shipped as NOT REGULATED by ground in accordance with TDG. Environmental hazards (IMDG or other) None None						
Numerical measures of toxicity (ATE; LDs0 & LCs0) None ATE not available in this document. Section 12. Ecological information No data available for this product. Persistence and degradability No data available for this product. Bioaccumulative potential No data available for this product. Bioaccumulative potential No data available for this product. Mobility in soil No data available for this product. Other adverse effects No data available for disposal considerations Information on safe handling for disposal/methods of disposal/contaminated packaging Dispose of contents/container into safe container in accordance with local, regional or national regulations. VIN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) Not regulated UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) Not regulated Special precautions (transport/conveyance) May also be shipped as NOT REGULATED by ground in accordance with TDG. Environmental hazards (IMDG or other) None

Not regulated Special precautions (transport/conveyance) May also be shipped as NOT REGULATED by ground in accordance with TDG. Environmental hazards (IMDG or other) None						
Special precautions (transport/conveyance)May also be shipped as NOT REGULATED by ground in accordance with TDG.Environmental hazards (IMDG or other)None						
Environmental hazards (IMDG or other) None						
Bulk transport (usually more than 450 L in capacity) Possible						
	Bulk transport (usually more than 450 L in capacity) Possible					

Section 15. Regulatory information						
Safety/health Canadian regulations specifics Refer to Section 2 for the appropriate classification. This product has been classifie		accordance				
	with the hazard criteria of the Hazardous Products Regulations (HPR).					
Environmental Canadian regulations specifics Refer to Section 3 for ingredient(s) of the DSL						
Safety/health/e	environmental outside regulations specifics					
United States O	OSHA information: This product is regulated according to OSHA (29 CFR).					
	EPA (Environmental Protection Agency) information: 40 CFR Refer to the ingredients listed in Section 3 & Sections 12; 1	3 & 14.				
United States T	ICSA information: Refer to the ingredients listed in Section 3.					
National Fire Pr	Protection Association (NFPA):					
HEALTH: 1	FLAMMABILITY: 2 INSTABILITY: 0 SPECIAL HAZARDS: Refer to Section 2 & 3.					
	ALE: $0 = Minimal$ $1 = Slight$ $2 = Moderate$ $3 = Serious$ $4 = Severe$					
California Propo	position 65: This product contains a material known to the State of California to cause cancer or other reproductive harm.					
	Section 16. Other information					
	test revision of the safety data sheet December, 19 2022
