

Section 1: IDENTIFICATION

Product Name:	WORX® Biodegradable Hand Cleaner
Product Use:	Industrial Hand Cleaner
Chemical Family:	Proprietary complex mixture/preparation
CAS Number:	N/A
Manufacturer/Supplier:	WORX ENVIRONMENTAL PRODUCTS, Inc. Unit 10, 2305 – 52 Avenue SE Calgary, Alberta, Canada T2C 4X7
Phone Number:	403-273-7600 800-424-9679
Emergency Phone Number:	800-424-9679 403-273-7600
Email of the competent person responsible for the Safety Data Sheet	marketing@worx.ca
Product Codes:	11-1224, 11-1650, 11-1104, 11-2300, 11-2450, 11-9965
Date of Preparation of SDS:	January 10, 2023
Recommended use of the chemical and restrictions on use	

Recommended use: Skin-care Restrictions on use:

This is a personal care formulation which is comparable in personal safety to conventional hair shampoos and body soaps which are used for personal bathing in home bathtubs or showers and the same precautions used in those situations would apply for this product. Consumer products in the US, Canada and in Europe (as well as other countries) are exempt from requiring an SDS for consumers. Although the normal use of this product as a hand cleaner at the hand washing sink is not considered hazardous; regulations require an SDS for the product in an industrial environment. This SDS does contain useful information should unusual and unintended exposures occur such as a large spill that might happen if handling the material in bulk or in ways that are not described, and hence hazardous information follows for such an unusual occurrence. Therefore, this SDS should be kept and made available for any employees or any other users of the product. For usage instructions as intended please read the information on the package or on the product instruction sheet.

Section 2: HAZARD(S) IDENTIFICATION

GHS INFORMATION

The GHS classification below is intended for personnel handling bulk quantities of the product. For personal use, please follow the directions on individual product packaging. This SDS contains valuable information for the safe handling and storage of the product under normal workplace conditions as well as for unusual and unintended exposures such as large spills.

2.1 Classification of the mixture:

Eye Irritant: Category 2B	H320
STOT SE 3	H335

2.2 Label Elements:

Hazard Pictogram(s): none

Signal Word: Warning

Hazard Statements: H320 – Causes serious eye damage/irritation
H335 – May cause respiratory irritation

Precautionary Statements: Not required, but the following precautionary statements may be used:

Prevention: Wash hands thoroughly after handling.

Wear protective gloves, protective clothing and eye protection.

Response: IF ON SKIN: Wash with plenty of water.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If skin irritation occurs: Get medical attention.

If eye irritation persists: Get medical attention.

Take off contaminated clothing and wash it before reuse.

Storage: Not applicable

Disposal: Not applicable

2.3 Other Hazards:

No particular hazard known

Section 3: COMPOSITION / INFORMATION ON INGREDIENTS

Ingredient(s)	% WW	CAS No. EC No.
Sodium Carbonate Exsiccated	>25%	497-19-8
Benzene sulfonic acid, C10-16 alkyl derivates, sodium salts	>0.5%	68081-81-2

- For full text of H/P phrases see Section 16

Section 4: FIRST-AID MEASURES

4.1 Description of First-Aid measures

Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Skin: Brush off loose particles from skin. Rinse with potable water before eating/drinking.

Ingestion: No toxic effect is expected. Rinse mouths with water and drink 1 glass of water. Do not induce vomiting. Consult a physician.

Inhalation: Remove to fresh air and keep at rest in a position comfortable for breathing. If experiencing respiratory symptoms: Call a poison center/doctor/physician if you feel unwell.

4.2 Most important symptoms and effects, both acute and delayed:

May irritate eyes, may cause respiratory irritation.

4.3 Indication of the immediate medical attention and special treatment needed:

Treat symptomatically

Section 5: FIRE-FIGHTING MEASURES

5.1 Extinguishing media

Suitable Extinguishing Media: Product is not combustible. Use extinguishing agent suitable for type of surrounding fire.

Unsuitable Extinguishing Media: Not Applicable

5.2 Special hazards arising from the substance or mixture:

Not expected to present a significant hazard under anticipated conditions of normal use.

5.3 Advice for fire fighters:

Product is not flammable. Use fire control measures appropriate for the surrounding fire.

Section 6: ACCIDENTAL RELEASE MEASURES

6.1 Personal Precautions, Protective Equipment, Emergency Procedures:

For non-emergency personnel: Use appropriate personal protective equipment (PPE). See Section VIII. Ventilate the area.

For emergency personnel: Equip cleanup crew with proper protection. Ventilate the area.

6.2 Environmental Precautions:

Prevent further leakage or spillage if safe to do so.

6.3 Methods and material for containment and cleaning up:

Place in a labelled container for later disposal.

6.4 Reference to other sections:

See Also Section 8 for Personal Protective Equipment.

6.5 Additional Information:

For waste Disposal: Follow local regulations for discharge of a large amount of waste.

Section 7: SAFE HANDLING AND STORAGE

7.1 Precautions for safe handling:

Avoid contact with eyes. Do not breathe dust. Use personal protective equipment where required. Do not eat, drink, or smoke when using this product. Rinse hands and other exposed areas with potable water before eating, drinking, or smoking, and when leaving work.

7.2 Conditions for safe storage, including any incompatibilities:

Keep container closed when not in use.

Storage Temperature <50 °C.

Storage Life Not available.

Incompatible materials: See Section 10

7.3 Specific end use(s):

Used as a skin cleanser with water for multiple daily washes of hands and body. Comparable in safety to household body soaps and hair shampoo.

Section 8: EXPOSURE CONTROLS/PERSON PROTECTION

- 8.1 Control parameters:**
No additional information available.
- 8.2 Exposure controls:**
- 8.2.1 Appropriate engineering controls:** Ensure adequate ventilation.
- 8.2.2 Personal protection equipment:**
Dust formation: dusk mask. In case of dust production, protective goggles. Chemical goggles or safety glasses. In case of inadequate ventilation, wear respiratory protection.
- 8.2.3 Environmental Exposure Controls:** Adequate ventilation is recommended.

Section 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State:	Solid Powder	Odour:	Juniper-berry fragrance may be detectable
Appearance:	Green Powder	Odour Threshold:	N/Av
pH:	7.8	Relative Evaporation Rate:	N/Av
Melting Point:	N/Av	Freezing Point:	N/Av
Boiling Point:	N/Av	Flash Point:	N/Av
Auto-Ignition Temp:	N/Av	Decomposition Temp:	N/Av
Flammability:	Not Flammable	Vapor Pressure:	N/Av
Relative Vapor Density:	N/Av	Relative Density:	0.71 0 0.788
Solubility:	Soluble in Water	Log Pow:	N/Av
Log Know:	N/Av	Viscosity, Kinematic:	N/Av
Viscosity, Dynamic:	N/Av	Explosive Properties:	N/Av
Oxidizing Properties:	N/Av	Explosive Limits:	N/Av

Section 10: STABILITY AND REACTIVITY DATA

- 10.1 Reactivity:** Not expected to present significant hazards under anticipated conditions of normal use.
- 10.2 Chemical stability:** Stable under normal conditions.
- 10.3 Possibility of hazardous reactions:** None known.
- 10.4 Conditions to avoid:** Avoid formulation of dusts.
- 10.5 Incompatible materials:** Strong acids, strong bases, strong oxidizing agents.
- 10.6 Hazardous Decomposition Product(s):** Carbon Oxides (CO and CO₂), Sulphur Oxides.

Section 11: TOXICOLOGICAL INFORMATION

Information on toxicological effects

11.1.2 Mixtures

Acute Oral Toxicity:	Not classified
Skin Corrosion/Irritation:	Not classified, pH: 7.8
Serious eye damage/irritation:	May cause serious eye irritation, pH: 7.8
Carcinogenicity Data:	Not classified. The ingredients of this product are not classed as carcinogenic by ACGIH, IARC, OSHA
Reproductive Data:	No adverse reproductive effects are anticipated
Mutagenicity Data:	No adverse mutagenic effects are anticipated
Specific target organ toxicity:	May cause respiratory irritation. May cause eye irritation
Skin sensitization:	Is not a skin sensitizer

11.2 Other information None

Section 12: ECOLOGICAL INFORMATION

- 12.1 Toxicity** Not determined
- 12.2 Persistence and degradability** Readily biodegradable in contact with water
- 12.3 Bio accumulative potential** Not determined
- 12.4 Mobility in soil** Not determined
- 12.5 Other adverse effects** None

Section 13: DISPOSAL CONSIDERATIONS

- 13.1 Waste treatment methods** Depose in a safe manner in accordance with local/national regulations

Section 14: TRANSPORTATION INFORMATION

14.1 ADR Classification	Not Regulated
14.2 DOT (Department of Transportation)	Not Regulated
14.3 TDG (Canada Transport of Dangerous Goods)	Not Regulated
14.4 ICAO/IATA	Not Regulated
14.5 IMO/IMDG	Not Regulated

Section 15: REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture:

European Union (EINECS/ELINCS)	All chemicals listed
USA TSCA (Toxic Substance Control Act)	All chemicals listed
Canada WHMIS Classification	D2B – Eye Irritant

15.2 Chemical Safety Assessment: May cause eye irritation

Section 16: ADDITIONAL INFORMATION

Hazard statement(s) and Precautionary statement(s):

H319 – Causes serious eye irritation. H335 – May cause respiratory irritation. P261 – Avoid breathing dust. P264 – Rinse hands, face thoroughly after handling. P271 - Use outdoors or in a well-ventilated area. P280 - Wear eye protection as needed. P304 + P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing. P305 + P351 + P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P312 - Call a doctor if you feel unwell. P337 + P313 - If eye irritation persists: Get medical advice/attention. P403 + P233 - Store in a well-ventilated place. Keep container tightly closed. P405 - Store locked up. P501 - Dispose of contents/container to sanitary landfill.

Further information:

Information for this SAFETY DATA SHEET was prepared from sources considered reliable. While every effort has been made to ensure full disclosure of product hazards, data is not available in some cases and is so stated where applicable. The manufacturer assumes no liability or responsibility, and no warranty is expressed or implied, in cases where products are mishandled, misused or instructions are not strictly observed. Each recipient of this SDS is encouraged to study it carefully to fully understand this product.

Data Sources:

US OSHA GHS classification parameters. This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulations. Various toxicological sources.
